

MyLifeNowSM has gone mobile

Review your retirement savings and investments ... from anywhere.

It's now easier than ever to access your retirement plan from your mobile device. New York Life's MyLifeNow mobile application is available for Apple and Android devices. Use the app to view your retirement savings and investment information on the go. With the app, you can:

- Track your account balances and personal rate of return;
- Review your investments by asset class; and
- View updated contribution information.

It's free and easy

The app is free, and it's easy to find, download and use. Using a browser on your mobile device, go to **mylife.newyorklife.com**. (Or, scan the QR code below to go there now.) From there, you'll be directed to your device's app store. Download the app to your device. Then, launch the app and sign into your account using your **mylife.newyorklife.com** User ID and PIN/Password. It's that easy.

Get the mobile app now!

Use your mobile device to scan this QR code. You will be taken to our mobile-enhanced web site. If you're using an Apple or Android device, you'll be able to go from there directly to your app store to download the app.

Even if you don't have an Apple or Android device, keep in mind that **mylife.newyorklife.com** is enhanced for mobile viewing. So you can still use your device to access information about your plan.

It's secure

Just like the **mylife.newyorklife.com** website, you'll need to log into the app each time you use it. The app will also log you out automatically after 20 minutes of inactivity. These measures help ensure that your personal information stays secure, even if your device is lost or stolen.

Feedback

We want to hear from you. You can use the "App feedback" option on the main menu to rate the app. You also can provide comments and suggestions for future enhancements. Please don't include any personal information in your submissions.

Need help?

For account questions, please call New York Life at 800.294.3575 between 8 a.m. and 10 p.m. Eastern time on New York Stock Exchange business days. (For your protection, all calls are recorded.) For questions about app functionality, email **techmobile@nylim.com**, and we'll respond to you as soon as possible.
