

Basin Department Store is closing after 69 years

Stuart Logg, owner of Basin Department Store, is closing his doors after 69 years and wants to thank all IBEW members for their patronage over the years. He appreciates the loyalty from the IBEW Brothers and Sisters so much that words cannot measure. Basin Department has sold quality work wear at a fair price and has supported Union Labor since Day 1. He has asked me to extend his gratitude to by offering 25% off the lowest price for all items in the store, exclusive to IBEW members, starting Friday, August 5. Basin Department Store currently has over \$500,000 in inventory but they will not be restocking, so the selection is 'while it lasts'. To get this discount you will need to show your dues receipt at check out to verify your IBEW membership.
