Known deficiencies include needing new tires soon (approximately \$1600 Les Schwab), Traction Control light comes on intermittently (\$\$\$unknown). There is some paint fading that comes with a 9 year old car.

Although maintained properly and it seems to drive fine, expect future issues that go with high mileage vehicles.

The format will be a sealed bid auction delivered to the hall by Thursday, February 26<sup>th</sup> at 5 pm. The executive board will open the sealed bids and the highest bid will win the car. Bids must be submitted by a LU 112 member. Feel free to stop by and preview the vehicle during business hours.
