

# IBEW LOCAL 112

## 2023 VOTER GUIDE

Brothers & Sisters:

The PAC has been busy reviewing applications for endorsement, interviewing candidates, and discussing who will best represent the interests of Local 112's members. Every election is important, and we've seen recently how much we stand to lose or gain. We've won paid sick leave, paid family medical leave, and apprentice utilization standards. We've pinned the prevailing wage to our union wage and secured billions in funding for union-built infrastructure. We have also seen efforts (both across the country and here in Washington and Oregon) to expand Right-to-Work legislation and limit our bargaining rights, as well as attacks on prevailing wage laws and tax deductions important to our members like those for dues, travel, and tools. As always, if you're not at the table, you're on the menu.

These candidates requested our endorsement, answered all our questions, and gave us confidence that they will fight for all of us. Please take the time to vote and consider how your vote will impact you and your family and all your Brothers & Sisters in the IBEW, both today and for years to come.

Jason Lohr, PAC Chairman

# **IBEW LOCAL 112**
